Thanks for visiting the Sale Trail!

This map information was provided by stallholders a few days before the event, so its accurate to the best of our knowledge; inevitably, some things may change on the day.

Stay physically distant (between 1 and 2 metres); it is recommended you wear a mask.

Try and minimise touching items you do not buy, and use hand sanitiser on & between stalls

Wash/clean hands and purchased items

If you do feel ill or believe you may have Covid symptoms, please do NOT participate!

There is some evidence to suggest that shouting and singing increase the risk of transmission - despite your excitement try and avoid doing either!

There is some evidence that the virus can stay on fabrics for a few days, although usually it is shorter. Therefore, as you are socialising with people outside your household, wash your clothes.

Generally, you are participating at your own risk: stay safe and have fun 😊

These guidelines are a summary of the Government information. FFI on staying safe: www.gov.uk
